Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The response of 5/30/2006 was received and considered.
2. Claims 1-29 are pending.

Election/Restrictions

3. This application contains claims directed to the following patentably distinct species:

Group I:

- a. Species I: Fig. 21A, directed to the user device receiving the secure container comparing the template, classified in class 726, subclass 17. The claims belonging to this embodiment are claims 6-7, 20-21 & 28.
- b. Species II: Fig. 21B, directed to the service provider comparing the template, belonging in class 726, subclass 4. The claims belonging to this embodiment are 4-5 & 18-19.

Group II:

- c. Species I: Fig. 19, directed to acquiring the identification certificate from an identification authority, classified in class 726, subclass 10. The claims belonging to this embodiment are claims 9 & 23.
 - d. Species II: Fig. 24, directed to pre-storing the identification certificate in the device that performs the authentication, classified in class 726, subclass 18. The claims belonging to this embodiment are claims 8 & 22.
4. The species are independent or distinct because:

e. Regarding Group I, Species I is directed to the embodiment where the user device performs the authentication, whereas Species II is directed to the embodiment where the service provider performs the authentication, which is mutually exclusive from Species I.

f. Regarding Group II, Species I is directed to acquiring a certificate (stored elsewhere), whereas Species II is directed to storing the certificate that is to be used, which is mutually exclusive from Species I.

5. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1-3, 10-17, 24-27 & 29 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
